Referrals

Pre Surgery Clearance

Occasionally medical or cardiac clearance will be necessary prior to scheduling surgery. Depending on your preference, you can provide the medical clearance or we can schedule the medical clearance.

Urgent Surgical Consults: If you have an urgent surgical consult that needs to be seen immediately, please call our office at 317.415.9236. Ask for the doctor on call and arrangements can be made to see the patient. It is important for our surgeon to speak with the referring physician to learn more about the case, so please understand that this needs to be a physician to physician call.

Surgical Consults: Please call 317.415.9236 to make a referral. Your office staff may ask for a specific physician or the first available physician.
